L.K.W.A. Conrad Fernando has been a student here since 1961 and is now working in the G.C.E. Advanced Level Form. He is a College Prefect, President of the Hostel Union and Secretary of his House and Captain of Athletics and a Coloursman. He has also played Soccer, Cricket and Volleyball.

A youth of strong character, he is industrious and pleasant and ever willing to help. He has shown qualities of leadership both in the school and in the Boarding House. I have great pleasure in testifying to his good character and gladly recommend him.

A handwritten signature in blue ink, appearing to read 'A. S. Wirasinha', is written over a horizontal line.
